Pike County School Corporation

eLearning

eLearning, or "virtual learning" utilizes technology to access the educational curriculum outside of the traditional classroom. This allows for continuity of instruction in the event students cannot safely attend school due to inclement weather or other unexpected events.

Flex Days

Flex Days are eLearning days that are pre-planned. Students will not attend school, but staff members will attend on-site professional development sessions during the day.

How will eLearning work?

Students will remain at home and complete school work assigned to them through the internet. All assignments will be posted by 9:00 AM Students will be able to contact their teachers by email or Google classroom between the hours of 10:00 AM – 2:00 PM. School facilities will not be available on an eLearning day.

If a student that does not have access to the internet, the parent should send a note to the teacher to verify. Students will have an opportunity to use the school's internet when they return. Student attendance will be based on login access to the assignments.

Assignment Information

Classroom assignments can be found on website or Facebook page for each school. On the website, it is located under the "For Students" tab. Teacher emails can be found under the "For Parents" tab on the website.
